FROM THE DIRECTOR

Fourth of July fun facts:

It has now been 236 years since the Declaration of Independence was approved by the Continental Congress, setting the 13 colonies on the road to freedom as a sovereign nation. A draft of the Declaration was prepared by Thomas Jefferson, working with John Adams, Roger Sherman, Robert Livingston and Benjamin Franklin on July 2, 1776. The delegates debated and revised the document and finally approved it on July 4th.

A Truly Young Nation : The average age of the signers of the Declaration of Independence was 45. The youngest was Thomas Lynch, Jr (27) of South Carolina. The oldest was Benjamin Franklin (70) of Pennsylvania. The lead author of The Declaration, Thomas Jefferson, was 33.

Our Nation Has Grown: There were an estimated 2.5 million people living in the newly independent nation in 1776. Total U.S. population in 2011 was 311.6 million.

The Liberty Bell Tap: The first Independence Day celebration took place in Philadelphia on July 8, 1776. This was also the day that the Declaration of Independence was first read in public after people were summoned by the ringing of the Liberty Bell. Today, every 4th of July the Liberty Bell is tapped (not actually rung) thirteen times in honor of the original thirteen colonies.

Fireworks & Food: On the first anniversary of the signing, 13 gunshots were fired and at other events, speeches, prayers, music, parades, troop reviews, and, yes, fireworks. Barbecues are also a big part of Independence Day, with more than 74 million Americans planning one. We eat around 150 million hot dogs and buy around 700 million pounds of chicken for our July 4th cookouts.

HAPPY JULY 4TH EVERYONE!!!!

**Important Message from SHINE about Durable Medical Equipment
And Diabetic Testing Supplies**

Effective July 1, Medicare will have a new program for Durable Medical Equipment and a new National Mail-Order Program for diabetic testing supplies. If you have Original Medicare (not a Medicare Advantage HMO or PPO plan), these changes will apply to you.

If you are already renting certain medical equipment or receiving oxygen, you may have to switch your supplier. Make sure Medicare will continue to pay for your item to avoid any disruption of service!

To have Medicare pay for diabetic testing supplies delivered to your home, you will need to use a Medicare national mail-order supplier. You may also go to a local pharmacy that accepts Medicare assignment and you will get the same low mail-order cost.

To find a Durable Medical Equipment or National Mail-Order Program supplier, go to www.medicare.gov/ supplier or call Medicare (1-800-633-4227).

For more information, meet with a SHINE counselor. To make an appointment with the SHINE counselor here, please contact LINDA PETERSON at 781-581-7557. You can also call the Regional SHINE office at Mystic Valley Elder Services at 781-324-7705 x 164

Medicare and Medicaid Scams

Many elderly and disabled people have received phone calls from fake medic alert businesses or medical supply companies claiming to be working with the federal government.

These people are asking for personal information such as Medicare, Medicaid, Social Security, credit card or bank account numbers in order to provide what they say are free services such as medic alert alarms, back braces, and other products that they say are paid for by Medicare and Medicaid. You may be given any number of reasons to provide this information for this scam including:

- You are part of a corporate or government survey.
- You are eligible to receive free products if you give the information.
- You must provide the information to sign up for a new prescription drug plan.
- You are eligible for a free medic alert service if they provide the information.

Some scammers also claim that they are from the government and are calling to update or confirm Medicare, Medicaid and Social Security numbers in order to issue a new card. If the scammers obtain banking, Medicare/Medicaid or Social Security information, they could use it to commit identity theft and steal funds from accounts. These scammers can be very aggressive and call many times to wear down potential victims.

The Better Business Bureau recommends the following tips to avoid this scam:

- Never give out your personal information over the phone, especially if it is from an unsolicited caller. If you receive a suspicious phone call, hang up immediately.
- Medicare will never call to ask for sensitive personal financial information. If you suspect fraud, contact your local police or the Health and Human Services Office of Inspector General at 800-HHS-TIPS.
- Don't do business with door-to-door or telephone salespeople who tell you that medical services or issue a new card.
- Give your insurance/Medicare identification only to those who have provided you with medical services.
- Keep accurate records of all health care appointments to prevent fraud involving Medicare/Medicaid information provided to doctors or caregivers.

Healthy Eating

You talk about good eating! This is delish!!!! There is so much flavor in these types of healthy dishes.

Vegetable Tian (thinly sliced veggies topped with cheese and then roasted)...

Ingredients:

1 Tbsp. olive oil
1 medium yellow onion
1 tsp. minced garlic
1 medium zucchini
1 medium yellow squash
1 medium potato
1 medium tomato
1 tsp. dried thyme
to taste salt & pepper
1 cup shredded Italian cheese

Directions:

STEP 1: Preheat the oven to 180 (400 degrees f) Finely dice the onion and mince the garlic. Sauté both in a skillet with olive oil until softened (about five minutes).

STEP 2: While the onion and garlic are sautéing, thinly slice the rest of the vegetables.

STEP 3: Spray the inside of an 8x8 square or round baking dish with non-stick spray. Spread the softened onion and garlic in the bottom of the dish. Place the thinly sliced vegetables in the baking dish vertically, in an alternating pattern. Sprinkle generously with salt, pepper, and thyme.

STEP 4: Cover the dish with foil and bake for 30 minutes. Remove the foil, top with cheese and bake for another 15-20 minutes or until the cheese is golden brown

To Market, To Market....

"For many foodies, the start of summer had nothing to do with the calendar or the weather—it's all about the farmers markets. Personally, we are chomping at the bit. Apparently so are the folks in **Newburyport**, who had their farmers market opening day May 6th. **Marblehead** jumps on the bandwagon this Saturday, June 9 (Veteran's School, 217 Pleasant St., 9:00 to 12:00), followed by **Salem** on June 14, along with many others in late June and early July. **Salem** is held at Derby Square on Front St., Thursdays from 3:00 to 7:00, and Newburyport is at The Tannery Marketplace on Sundays from 9:00 to 1:00.

Many folks are excited that **Swampscott** is getting its own market this year, starting on June 10. It will be open Sundays through October from 10:00 to 1:00 at the high school.

SENIOR GOLF

Arthur is 90 years old. He's played golf every day since his retirement 25 years ago. One day he arrives home looking downcast. 'That's it', he tells his wife. I'm giving up golf. My eyesight has gotten so bad...once I've hit the ball; I can't see where it went.'

His wife sympathizes. As they sit down she says, 'Why don't you take my brother with you, and give it one more try'.

'That's no good', sighs Arthur. 'Your brother is a hundred and three. He can't help'.

'He may be a hundred and three', says the wife, 'but his eyesight is perfect'.

So the next day Arthur heads off to the golf course with his brother-in-law. He tees up, takes an almighty swing and squints down the fairway. He turns to the brother-in-law. Did you see the ball?

'Of course I did!' says the brother-in-law. 'I have perfect eyesight'.

'Where did it go?' asks Arthur. 'I can't remember'

The Nahant Public Library wants your opinion! We are working on a Long Range Plan to be filed with the state, and it will outline our goals for the next five years. We have already identified adults over the age of 60 as a key demographic for focus, so any thoughts you have to guide us will be immeasurably helpful.

Library Trustee Chris Stevens will be visiting the Tiffany Room on Tuesday, July 16th after lunch (12:15) to run a focus group, and we hope you'll join her and share your thoughts and wishes for library services. We're looking specifically for feedback on what we're not doing that we could be doing, and on what services your ideal library would have. If you haven't used the library in a long time, or you use it all the time, come by and tell us why! Contact Jen Inglis at the Library if you have any questions, or can't make the focus group and would like to give us your feedback. Call (781) 581-0306 or email at jinglis@nahant.org
